102, 84, 66, 43 Mile Rides and a new 18 Mile Gravel Loop

Choose your own adventure while cycling well-marked Eastern Connecticut country roads on a fully supported ride. Our TCC Century route will take you through scenic turns at Devil's Hopyard State Park, across the Connecticut River at the iconic Goodspeed Opera House, and back again on the Chester-Hadlyme Ferry in the Gothic shadow of Gillette Castle. You may also choose from adventures of 84, 66, and 43 miles, enjoying stunning roads, friendly faces, and more-than-enough great food along the way. Added this year an 18 mile gravel loop using the Air Line Trail.
